

Last Train

Getting on the last train
Left my past behind
I'm moving to my man
And love makes me blind
We're gonna raise a family
We'll marry and be happy
Yeah, I'm comin'

Now I'm on my last train
I'm excited a lot
My darling said he'd wait
If it takes hours or not
We're gonna raise a family
We'll marry and be happy
Yeah, I'm comin'
Yeah I'm comin'

If I'd missed that last train
My honey would be upset
He hoped, I get the train
To be unsure drives him mad
We're gonna raise a family
We'll marry and be happy
Yeah, I'm comin'

*I hope she didn't miss,
She didn't miss the last train
I hope she didn't miss,
She didn't miss the last train
I hope she didn't miss,
She didn't miss the last train
I hope she didn't miss,
She didn't miss the last train*

If I'd missed that last train
My honey would be upset

*I hope, she got the train
To be not sure drives me mad
I hope, when this train arrives
She'll lock me in her embrace
Please, wash my fears away
I can imagine her face
We're gonna raise a family
We'll marry*

*Why ain't she comin'
Yeah, I'm comin'
She should be here, now
Yeah, I'm comin' Yeah!*

*I've waited, now, for hours.
Do you think I've waited enough?*

*I've lost all my patience and
Yeah, I've had enough!*

Shit!

I took the wrong train!
I took the wrong train!
I took the wrong train!
I took the wrong trainiiiiiiiiin!
