

Love Is Cruel

Wanna live, wanna die.
That blazing flame
Scorching you inside.
Wanna breathe, wanna cry.
Like falling through the sky.

A never-ending game
Of happiness and shame.
Count your losses,
Until you hit the prize.
Holding on to this big dream,
Reaching out
'Till you realize

Love is cruel...

Intoxicating burning heat
Running through your veins.
Seething hot,
Then stopping short,
Putting your heart in chains.
Still you want
To take the poison,
Honey sweet and bitter taste.
Otherwise would be a waste.

Hmmmm...

Hurtin' to the core,
Yet still you're craving more.
Sweet the moment,
The moment of relief.
Bless the ache!
Make no mistake,
It's a long and winding road,
But believe

Love is cruel...

But ever so divine!

In your sleep,
When you dream, hmmm
You toss and turn,
Then you wake up with a scream.
You wanna run,
Ouhhh, you wanna hide,
But you have got to fight.

Never-ending pain
That's driving you insane.
Can't surrender .
At least, you gotta try.
Flying high, then falling deep,
Then take another leap.
Can't deny

Love is cruel
And divine!
Love is cruel
And divine!
Leaving you a mess
Blue and sore, nevertheless,
A feeling that you never wanna miss.

Love is cruel
And divine!

Ever so divine!
