

Strong

Nothing can break us.
No hardship,
No pain and no vice.
Take it or leave it! Deal
Or roll the dice.

We are fit, we can take it.
No bar is too high for the jump.
We always pull through.
Take you out of this forsaken
Dump.

Cause we are strong!
Strong like a stone!
We are strong!
Strong like a stone!

We don't need no drugs.
We kill it, all we need is you .
The clap of your hands to the
Rhythm
Is great, it's true!

We all move to the beat
And dance, no tears in sight.
So let's take you high!
Get up on your feet, let's riiiiise!

Cause we are strong!
Strong like a stone!
We are strong!
Strong like a stone!

But can we build a bridge?

Yeah, let's build this Bridge!

Cause we are strong!
Strong like a stone!
We are strong!
Strong like a stone!

Cause we are strong!
Strong like a stone!
We are strong!
Strong like a stone!
