

Wake Me up When I'm Famous

You call me dreamer
Guess what I like to dream
If you could see
What I can see
I guess you'd feel the same

It's a glorious feelin'
An overwhelming view
Electrifying energizing
Feeling flowing through

Wake me up when I'm famous
I'm sure I can handle the heat
Wake me up when I'm famous
And I'll get up and take the leap

Wake me up when I'm famous
Come on now turn up my own beat
Wake me up when I'm famous
Or let me go back to sleep

Under the spotlight
I'm sweating from the heat
Feeling the floor
Beneath my feet
Vibrating from the beat, yeah!

The sea of faces
Makes my worries disappear
Rocking the crowd and singing
'Till there's a ringing in my ear

Wake me up when I'm famous
I'm sure I can handle the heat
Wake me up when I'm famous
And I'll get up and take the leap

Wake me up when I'm famous
Come on now turn up my own beat
Wake me up when I'm famous
Or let me go back to sleep

Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah

Wake me up when I'm famous
I'm sure I can handle the heat
Wake me up when I'm famous
And I'll get up and take the leap

Wake me up when I'm famous
Come on now turn up my own beat
Wake me up when I'm famous
Or let me go back to sleep

Wake me up when I'm famous
I'm sure I can handle the heat
Wake me up when I'm famous
And I'll get up and take the leap

Wake me up when I'm famous
Come on now turn up my own beat
Wake me up when I'm famous
Or let me go back to sleep
